

**Human Service & Paratransit Coordination Planning; Training & Technical Assistance**

**KODIAK AREA TRANSPORTATION SYSTEM MOBILITY MANAGEMENT**

---

**SENIOR CITIZENS OF KODIAK, INC.**

The Kodiak Area Transit System (KATS) through Senior Citizens of Kodiak, Inc. (SCOK) hired RLS & Associates, Inc. to provide an assessment of present coordinated and public transit in Kodiak and provide Mobility Management support for the program. Goals of the project include: 1) increase the number of rides, especially during the middle of the day; 2) direct customers to KATS, especially those who are low income; 3) increase the number of inter-agency cooperative coordination agreements, and 4) analyze the coordinated system to provide for overall efficiency.
