

## **Indiana Rural Technical Assistance Program (RTAP) - Safety and Security**

### **Indiana Department of Transportation**

The RLS/Indiana RTAP staff developed a safety and security plan model template and conducted training for Indiana's rural transit systems to customize the plan for each individual system. RTAP staff continues to provide technical assistance and feedback on the plans, and monitors on-going compliance. RTAP staff also provides input and technical assistance for the system's participate in local emergency preparedness plans.
